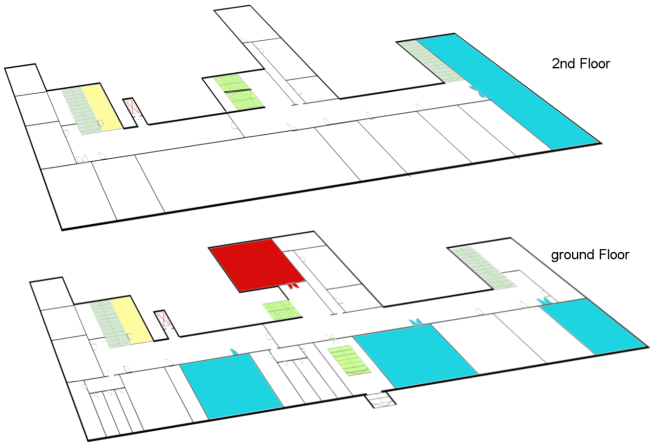
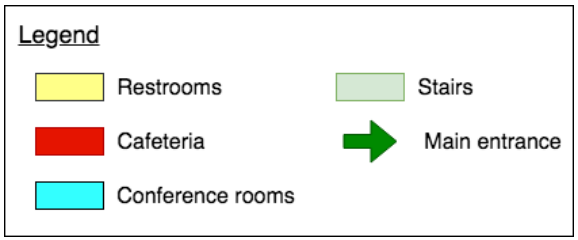
Floor Map - Evostar 2019





More Information

The conference information desk is located in front of the cafeteria on the right-hand side. There you will find all information regarding the conference. The toilets are located in the back staircase.

Each floor of the building can be reached by an elevator. The lift is located in the courtyard of the building.

Important Information

emergency numbers

The emergency numbers in Germany are **110 (Police)** and **112 (Fire Brigade & Ambulance)**. You can dial free of charge from any public call box[1]. Through the 112 number, you can call for an ambulance (Krankenwagen).

Pharmacies (Apotheken)

If you urgently need medication, the pharmacy emergency section (Apotheken-Notdienst) in local newspapers gives the addresses of the pharmacies open outside normal hours

For more information on emergency care in Germany, visit our website on expatriate healthcare and insurance: http://www.expathealth.org

[1] Note that you can't call 112 with a phone without SIM card.

History of the conference building ‘Wiener Bau’

The Wiener Bau is the university building of the Faculty of Electrical Engineering and Information Technology.

It was planned by the important Leipzig architect Hugo Licht and built in a very short time (1889/1890, 1902/1903) in Leipzig's music district.

Conference Building Evostar 2019 - Wiener Bau

Between 1992 and 2002, the building was completely renovated for around DM 17 million.

The mathematician and founder of the interdisciplinary scientific discipline of cybernetics, Norbert Wiener, is the patron saint of this building.
